HOURS OF SERVICE

Central Office: Monday through Friday, 7:45 a.m. - 4:30 p.m.

Regional Libraries: Monday through Friday, 8:30 a.m. - 5 p.m.
Saturdays, 9:00 a.m. - 5:00 p.m.
(Closed on Saturdays in July and August)

STATE LIBRARIAN'S REPORT

The FY83-84 biennium must be considered a watershed for the Department of Libraries. While the Department strived to maintain basic traditional services for local libraries and individuals statewide in difficult financial times, it also confronted changes in format, storage, and delivery of materials and information caused by burgeoning technological advances. In FY83 and 84 the Vermont Department of Libraries entered the computer age and the staff was challenged in all areas of service and in planning for future statewide delivery of materials, information, services, and training.

The biennium saw a major cooperative effort by the Department which, along with the libraries of the University of Vermont and Middlebury College, began planning for the development of an automated integrated statewide information system. The resulting Vermont Automated Library System (VALS) will be implemented in several stages over a five year period from FY85-89. Staff members from the three institutions worked together to prepare the major planning document, "A Strategy for Library Development," published in December, 1983. In FY84 vendors of automated library systems were invited to conduct a series of demonstrations, and a formal Request for Proposals was issued to prospective vendors late in FY84, for evaluation in FY85. The statewide automated library system will be composed of distributed data bases having access to each other and to outside local, state, and national sources. Our ultimate goal is to provide libraries, offices, schools, and even home users with access to the system and library holdings.

At the same time planning for VALS was evolving, the Department was also extending on-line services in several ongoing programs. During FY82 the Department had become a user of OCLC for cataloging and interlibrary loan to increase the quality of reference and research service. Initially, this link to OCLC, Inc., in Ohio provided for cataloging for the programs of the Department of Libraries, but in FY84 Department use of the network was expanded so that it could assume direct responsibility for providing computerized cataloging for public libraries in Vermont, a service previously offered by contract with the New Hampshire State Library. In the first year, the Vermont Centralized Card Service saved more than 80 libraries time and money by providing over 20,000 sets of quality catalog cards. Increased use of and funding for the computerized card system balanced FY83-84 budget reductions which forced the Department to eliminate both the book delivery service and the incentive grants to public libraries meeting minimum standards. In FY83, 86 libraries met Minimum Standards for Vermont Public Libraries, and this number increased to 91 in FY84. Thus, while technological changes provided obvious excitement in the FY83-84 biennium, progress was made in the development of basic library services despite substantial state funding and program cutbacks.

Department staff also relied on automation more heavily in providing information services during the FY83-84 biennium. Westlaw, an online legal reference service, was installed in the Law and Documents Unit in FY84. In FY83-84, the Reference Services Unit implemented direct access to several general bibliographic data bases and made the service more readily available to public libraries and their patrons throughout the state.

Technology also allowed the Department to improve interlibrary loan service since OCLC provides access to the collections of over 5,000 libraries nationwide. The percentage of interlibrary loan requests filled satisfactorily was thus increased by almost 10%. Further, because the holdings of Vermont's major resource libraries are included in the OCLC data base and need not be duplicated in the Vermont Union Catalog, VUC filing was caught up in FY83 and kept current for the first time in 15 years. This, along with changes in processing interlibrary loan requests in FY83, resulted in more efficient response times for individual patrons.

Services to all of the Department's constituencies continued to flourish during the past two years. Circulation of materials remained constant throughout the agency. The children of Vermont benefitted from two successful statewide summer reading programs - "Find Your Fantasy" in FY83 and "Reading Makes Champions" in FY84. Over 100 libraries supplemented their children's programming through Smith Grants, mini grants, and cooperative grants funded in conjunction with the Vermont Council on the Arts and the Vermont Institute of Natural Science. Librarians working with children expanded their horizons by attending Elva Sophronia Smith Lectures delivered by two outstanding authors, E. L. Konigsburg in FY83 and Virginia Hamilton in FY84.

Local public library services to adults were also supplemented by the Department's regional library system and by tools developed for local libraries. In FY83 the final report with recommendations of the task force to review the regional library program was published. Implementation of the report in FY84 included establishment of a standing advisory committee to work with the Department to find alternatives for improving and extending regional library services to public libraries. Publications prepared by the Development and Adult Services Consultant and designed to assist local library staffs included the VERMONT COPICAT (FY83) to encourage cooperation among libraries on many levels and ADULT PROGRAMMING: IDEAS AND RESOURCES FOR LIBRARIANS (FY84).

One of the primary missions of the Department of Libraries is to upgrade public library service statewide through training of local library personnel. In the FY83 and 84 biennium, 90 library skills workshops were offered throughout the state. Almost 1500 participants learned, through one day and multi-day sessions, about reference, cataloging, collection development, public library administration, introductory computer skills, storytelling, and other practical, special skills. In addition, orientation meetings for new public librarians were initiated on a regional basis. For librarians with experience who have participated in basic training, internships and independent study programs were introduced in FY83. The annual Management Institute for professional librarians and directors of larger libraries continued to be beneficial.

One of the major developments in Vermont in FY83-84 resulted from the availability of federal LSCA Title II construction funds for the first time in ten years. These funds provided for construction and major renovation of eight public libraries in selected low income/high unemployment areas of the state, including Enosburg, Richford, Canaan, Barton, Bellows Falls, Springfield, South Londonderry, and Townshend.

Library services to Vermonters with special needs prospered with ongoing programs and materials provided to the residents of Vermont's 13 state-supported institutions and 1500 blind and physically handicapped patrons. Radio and television publicity as well as demonstrations at the annual Champlain Valley and Tunbridge World's Fairs helped increase Vermonters' awareness of the availability of these special services.

Cooperation among all types of Vermont libraries continued to be a great strength of our library system and expedited planning for joint automation. But ongoing resource sharing also proceeded significantly: over 150,000 interlibrary loan requests were processed by the Department of Libraries in the FY83-84 biennium. Resource sharing remains a top priority for the Department to insure that all Vermonters have access to information without regard to geographic location, age, level of expertise, or interest. We are pleased that Vermont libraries have worked together to develop one of the most effective statewide resource sharing systems in the nation.

Although planning and implementation of Vermont library services moved forward in FY83 and 84, many concerns remain unresolved and new challenges must be faced. Copyright issues for print and microformat continue to arise and will be complicated by

developing video formats and the availability of online information. The challenges of automating the larger libraries while providing access for the smallest institutions were just beginning to surface in FY83-84. Providing alternatives and opportunities for technological change in all types and sizes of libraries will be a major concern for the next several years. Adequate funding, both public and private, for Vermont public libraries also endures as a top priority. Our fundamental challenge, therefore, is insuring that all Vermonters receive appropriate, satisfying service combining the most sophisticated access to information with traditional opportunities to savor good books.

Looking back over the past two years, I feel the Department of Libraries provided basic services in the face of funding cutbacks and simultaneously initiated planning to advance library and information services in a rapidly changing world. The effort and dedication of the Department's staff in meeting this dual responsibility must be commended. I would also like to thank Governor Snelling and his staff and the Vermont Board of Libraries under the leadership of Olivia Brown and Albert Stevens for their support in helping the Department find creative solutions to improving library service for all Vermonters. The key, in retrospect, to ultimate success has been the care and cooperation exhibited by the Department of Libraries staff and by librarians and trustees statewide who continually search for new methods to meet age-old problems. I am certain that the Department of Libraries, working together with all of these library-related groups will lead to future success in meeting the challenges of an increasingly complicated information society. Thank you to all Vermonters who have given time to make Vermont's library programs successful. I look forward to working with you in meeting the exciting future.

--Patricia E. Klinck
State Librarian

GEOGRAPHIC NAME DECISIONS MADE BY THE VERMONT BOARD OF LIBRARIES

July 1, 1982 - June 30, 1984

According to 10 VSA 152-4, the "board of libraries is designated as the state agency to name roads and geographic locations including but not limited to mountains, streams, lakes, and ponds upon petition signed by not less than twenty-five interested persons or by petition of an administrative department of the state." In the past biennium the Vermont Board of Libraries made the following decision:

- April 26, 1983 - Clark's Pond. Changed name of Mud Pond in town of Glover (a.k.a. Tildys Pond) to Clark's Pond.

STATISTICS OF LOCAL LIBRARIES

Explanatory Notes

Public library statistics have been separated from those of other libraries (academic, hospital, institutional, special, school, etc.) and appear first. In both cases, libraries are arranged by municipality, with incorporated towns in upper case letters.

DIRECTORY NO. - refers to listing in VERMONT LIBRARY DIRECTORY, 1985

LIBRARY - the word "library" has been dropped from each name

REPORT FOR YEAR ENDING - given due to variation in fiscal year used by individual libraries

POPULATION - 1980 census figures are used, and population is usually given for a town or city with some village populations if known

GRAND LIST - 1984 property tax valuation of the town as a whole is given if known

TAX APPROPRIATION - the source of tax support, whether from town, village, fire district, neighboring town, etc., or a combination, has not been ascertained. Income in kind (heat, lights, rent, etc.) has sometimes been included, and if the library received in-kind support, it is noted with an asterisk (*).

TOTAL INCOME - includes gifts, trust income, grant funds, etc., as well as tax and revenue sharing support, and, sometimes, in-kind support. Some funds earmarked for capital expenses are occasionally included.

TAX SUPPORT PER CAPITA - revenue sharing and any known in-kind support were added to tax support, and the total was then divided by the population given. Because the actual population base providing the tax support and the income received in-kind cannot always be ascertained, this figure may only be a rough estimate in some cases.

LIBRARY MATERIALS EXPENDITURES - includes books, periodicals, films, recordings, and other non-book materials, but not supplies or equipment

TOTAL EXPENDITURES - it is possible that overhead (heat, lights, etc.) has not been included; capital expenses are not included

VOLUMES ADDED - generally, books added during the year ending on the date given

TOTAL VOLUMES - in a few instances this figure may include non-book materials

NUMBER OF REGISTERED BORROWERS - children and adults. In many cases, records are not kept

CIRCULATION - total circulation of all forms of library materials, including books owned by the Department of Libraries and circulated locally

NUMBER OF HOURS OPEN - in winter only

Public libraries which met the Vermont Minimum Standards for Public and Community Libraries in 1985 are designed with a dot (•) before the name of the municipality in which they are located.

VERMONT LIBRARY DIRECTORY, 1985

Explanatory Notes

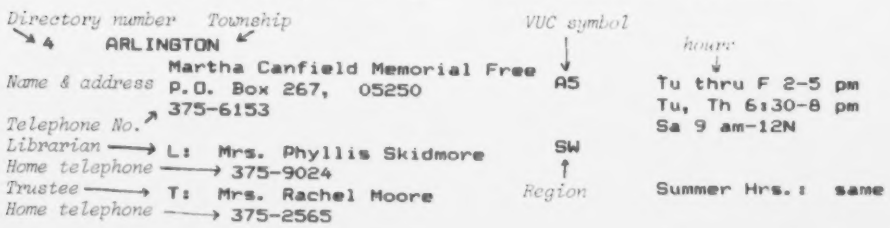
The Vermont Library Directory, 1985 is a revised edition of the Vermont Library Directory, 1983 which was included in the Biennial Report of the Vermont Department of Libraries, July 1, 1980 to June 30, 1982. It is not necessary to retain any previous directory of Vermont libraries although the statistics found in the biennial report may be useful for future comparison.

Corrections, additions and deletions will be published in the bi-monthly Department of Libraries newsletter so that this directory may be kept up to date. Please report corrections, additions, and deletions to:

Marianne K. Cassell, Development and Adult
Services Consultant
Department of Libraries
c/o State Office Building Post Office
Montpelier, VT 05602
(802) 828-3261

Libraries are arranged alphabetically by the township in which they are located. The authority used to determine what is a township is the Vermont Year Book published annually by the National Survey in Chester, Vermont. Cross-references are provided. When more than one library is located in a township, the public library (or libraries) is listed first followed by the other libraries arranged alphabetically by institution.

Following is a sample listing with the explanation of each entry:



Directory number - will be used by the Department of Libraries newsletter when listing changes.

Township - in upper case letters. If a library is in a specific village within a township, the village is given in lower case letters as the location (for example, see #7 East Arlington).

Name & Address - the word "library" has been dropped from the end of each library's name. The mailing address follows the name, and if the post office is the same as the township, it has also been dropped. Please note that some libraries' mailing addresses do not correspond to the township or village in which they are located (for example, see #51 BRIGHTON).

VUC symbol - the Vermont Union Catalog symbol is used as a short form notation on catalog cards supplied by libraries to the Vermont Union Catalog and in communications dealing with interlibrary loan and resource sharing.

Winter hours - Generally, these hours apply from September through June. For specific dates of change between winter and summer hours, contact the library.

Summer hours - Usually, these apply in July and August.

Telephone no. Usually, the library's business number (if there is one) unless otherwise noted. The area code is 802 unless otherwise indicated.

Librarian, Home telephone no. - If a telephone number is given, it is usually the librarian's personal home number and should be used with descretion.

Region - refers to the Vermont Department of Libraries region in which a library is located:

M	Midstate region
NE	Northeast region
NW	Northwest region
SE	Southeast region
SW	Southwest region

Trustee, Home telephone no. - If given, the name is that of the last reported Chairperson or President of a public library's Board of Trustees.

Indexes to this Directory:

- Libraries by Type - listed alphabetically by location with the township in all upper case letters (see below)
- Public Libraries by Region - also listed alphabetically by location
- Name of Libraries (other than Geographic Place Names)
- Subject Strengths and Special Collections - subjects reported by librarians are listed alphabetically with locations noted by VUC symbols. When attempting to judge the degree of strength refer to the type of library, the size of its collection and/or explicit indication of designated special collections.
- Vermont Union Catalog (VUC) symbols
- Other Important Addresses

LIBRARIES BY TYPE

College and University Libraries	21
Hospital Libraries	16
Institution Libraries	14
School Libraries	56
Special Libraries	27
State Government Agency Libraries	12
	146

Public Libraries by Region:

NEW LIBRARIES

Libraries included here and not in the 1983 biennial report/directory are:

ALBANY -- Albany Town
BARRE -- Congregational Church
CRAFTSBURY -- Craftsbury Academy and Elementary School
DERBY -- North Country Junior High School
JOHNSON -- Laraway School
MONTPELIER -- Beth Jacob Synagogue
MONTPELIER -- Vermont Center for Independent Living
ROCHESTER -- Rochester Elementary School
RUTLAND -- Longfellow School (professional collection)
SOUTH BURLINGTON -- Green Mountain Power Corp. Information Resources Dept.
South Royalton -- South Royalton School
West Danville -- Charles D. Brainard Public
WINDSOR -- Windsor High School

LIBRARIES NO LONGER INCLUDED

Libraries listed in the Vermont Library Directory, 1983 and not listed in this biennial report/directory:

BURLINGTON -- Elizabeth Lund Home
CALAIS -- East Calais Public - inactive
GRANBY -- Public - inactive
JERICHO -- Brown's River - closed
MONTPELIER -- Vermont State Energy Office
WEYBRIDGE -- Cotton Free Public - inactive
WINDHAM -- Windham Town - inactive
